Suzanne,

Per our discussion yesterday, see a proposed update to our 2018-2019 Milestones to address your suggestion. We added a milestone in track changes under Stormwater, on page 10. I hope this meets your needs. Once approved, we will clean up the highlighting on the attached, take off the track changes for this additional milestone and get this posted on our website along with the 2016-2017 Progress Report. We may also update this report, as we discussed depending upon the final version of your Evaluation. If we decide to do that, I will let you know.

Let me know if you want to discuss further.
